

Partners IN THE PROCESS

Telecenter U.
by *Rauland*
Connect Your Universe

Telecenter U[®]
extends beyond the
classroom and campus
to connect your entire
district together.

- Emergencies
- Events
- Everyday

Our Innovative Approach

1 DEFINE YOUR GOALS AND OBJECTIVES

Rauland is experienced with the communications challenges faced by schools. Our solutions can improve your efficiency by creating a district-wide standard for communications systems.

- Automate emergency responses
- Improve district-wide communications
- Reduce bell scheduling challenges
- Manage everyday building announcements

2 EVALUATE YOUR CRITICAL COMMUNICATIONS SOLUTIONS

Telecenter U solutions deliver effective school communication from the district to the classroom.

- Emergency management and classroom check-in notification
- Schedule management and flexible bell schedule programming
- Everyday communication to keep staff and students informed and connected

3 LOCATE YOUR TECHNOLOGY NEEDS

We consult with you on a critical communications solution to leverage technology investments and get the most out of systems you already have.

- Provide a single point of emergency notification integrating Telecenter U with safety devices: alarms, door locks, cameras and other systems
- Interface with installed legacy systems to extend solutions district-wide
- Operate on standard networks

4 DESIGN YOUR SOLUTION

STAFF AND STUDENTS

- Effective two-way audio for each classroom
- District-wide notification
- Relevant bell schedules

IT DEPARTMENT

- Leverage current infrastructure
- Industry standard communications protocols
- Simple web-based administrative tools

FACILITIES DEPARTMENT

- Unified system reduces maintenance issues
- Easy, remote access to bell schedule changes
- Simplified speaker volume control

DISTRICT ADMINISTRATION

- Emergency planning
- Direct notification
- Remote access
- Safer school environment
- Automated crisis plan

5 BUILD A TEAM FOR SYSTEM IMPLEMENTATION

YOUR RAULAND PARTNERS

- Sales Solution Advisors
- Critical Communications Specialists
- IT Implementation Specialists
